

*Over the last decade,
millions of votes have disappeared.
A nation can be stolen without guns or tanks.
A nation can be stolen vote by vote.*

*Compelling, meticulously accurate, poignant...
First-person stories from the election trenches paint a
chilling picture of problems affecting election outcomes,
"glitches" and "irregularities" which cannot be
explained away as random errors.*

*We all need to learn as much as possible
as quickly as possible about our electoral system –
before it is too late.*
